Options:

- /011 Caster Brakes
- /A Aluminum Work Top
- /S Stainless Work Top

APPLICATIONS: Designed for a multitude of food prep applications. Use as a mobile work surface and to transport trays as well.

CONSTRUCTION: Heavy duty, high tensile extruded aluminum. Type 6063-T5 alloy. Channels are welded to the aluminum side. Lifetime guarantee against rust. Work Top: Thermoplastic work top comes as standard. Optional Aluminum or stainless available.

TRAY SLIDES: 567/P and 565/P: Plated steel wire pan slides are secured to the tubular aluminum frame and will accommodate bun pans. MW, BPRE, DS Series: Aluminum angle pan slides accommodate bun pans.

CASTERS: Standard 5" all-swivel non-marking casters. Casters are securely bolted to frame to facilitate replacements.
