

CHANNEL®

DOUBLE DEEP KEG STORAGE

Channel's Double Deep keg storage options offer a durable, heavy-duty and convenient solution for your storage needs.

- Heavy-duty, high tensile strength, extruded aluminum double deep keg shelving.
- Available in adjustable and all-welded designs.
- All-welded models constructed from heavy-duty 2-7/8" extruded aluminum tubing.
- Adjustable models constructed with heavy-duty extruded aluminum corner collars and set screws, welded to 4" E-Channel framed shelving, with tubular top shelf.
- Adjustable models allow user to position shelves at any desired height along 68" included uprights.
- Lifetime guarantee against rust.
